

Material	Cast Aluminum, Plastic, Glass
Solar Panel Voltage	2V /100-200mAH, 3.5V/78-120mAH etc
Solar Panel Material	Monocrystalline silicon or polycrystalline silicon
Battery Voltage	1.2V/600-800mAH, 2.4V/600mAH, 2.4/650mAH
Battery Type	NI-MH, Li-Po, Super-capacitor
LED Color	White, Red, Yellow, Green, Blue or customized
Reflector Material	PMMA, PS
Working Model	Flash (2Hz±20%) or steady(constant)
Visibility	More than 3 years
Resist Compression	20~30 ton
